

Group class spotlight:

YOUTH UKES

Strike The Right Chord

Youth Ukes is made up of all levels of ukulele students and consists of a weekly private lesson with instructor Mark Marston and a monthly group time to develop collaborative and community-building skills!

Youth Ukes is a safe, supportive, and fun environment, for beginners through more experienced players to receive individual instructor attention as well as the benefits of working in a group.

This class will be available for ages 4 and up and is built on the Suzuki principles of encouragement, exposure, and repetition.

Parents are also encouraged to be a part of the lessons as the triangular arrangement of teacher, parent, and child is the key to success through early childhood, and it leads to increasing independence and self-motivation in the teenage years.
